

### Ask Me About... . . .

- Our apple taste testing (what kinds did we taste, what was the most/least favorite)
- What are the steps of planting an apple tree?
- Whose birthday did we celebrate this week? (He was born in Massachusetts and wore a pot on his head) What did this man do?
- Who did we meet this week for letter people? (Mr. B with beautiful buttons & Ms. F with Funny Feet)
- Writing 1-5 (2, 4, & 5 are tricky, please practice at home with sand, shaving cream, etc.)
- Shaving cream 😊

### FYI

- We started Foundations and have already introduced T, B, and F. See if your child can recognize the capital and lowercase letters, name the corresponding sounds, and give you words that start with each letter. (Next week we will learn about M and N)

- Math links were sent home this week. Please work on these activities with your child. You do not need to send them back, but many students do so I can see the work and give them a sticker/stamp.
- If you ordered from the September Scholastic Book Order, please fill out the sheet that was sent home a few days ago, if you have not done so already.

Thank you so much! Have a great weekend😊

Mrs. Mercer & Mrs. Mahoney
