

Hello Dawson friends and family! My name is Gina Brown and I wanted to introduce myself as the new school nurse at Dawson Elementary. I have had a great time as a parent in the Dawson community for three years and now I am excited to become part of the staff.

I have been an RN with a Bachelor of Science in Nursing for 13 years. I received a BA in English from the University of Georgia and then went on to earn my Bachelor of Science in Nursing from the Medical University of South Carolina. I have worked in Neonatal Intensive Care, Newborn Nursery, and Pediatrics my entire career.

I began in school nursing about 4 years ago—working at Venerini Academy in Worcester and St. Michael School in Hudson. I also substituted in the Wachusett School District and most recently worked full time in the Auburn Public School System at Bryn Mawr Elementary for 2 years.

I am married and have one son, Seth, who will be in 5th grade this year at Dawson. I also have two 13 year old black labs.

I know it is very hard to change from a school nurse who you have known and trusted for many years to someone new so please feel free to stop in and talk with me. Please know that I work all day with the attitude, “What would I do if it were my child?”

Remember, no question is too small when it comes to the health and well-being of your child.

I look forward to meeting and getting to know everyone.

Sincerely,

Gina Brown, RN
