IN PARTNERSHIP WITH TUFTS UNIVERSITY PRESENTS...

An Institute for Lab Classroom Teachers in Grades 6-8

This year, 17 Lab Class Teachers have worked with Tufts partners to explore the implementation of Readers' and Writers' Workshop, the integration of literacy strategies in content areas, and the enhancement of differentiated approaches to develop critical thinking through reading, writing, and talking. Lab Class Teachers are invited to continue their collaborative learning experience with Joan Dabrowski, Tufts partner, as she facilitates the following:

- Sharing of outcomes from our work throughout the spring
- Discussion of inquiry as a pedagogical approach
- Unit planning
- Further examination of comprehension strategy instruction at the middle level
- Development of professional goals and readings for 2010-2011

This institute will take place on **June 22 from 9:00-3:00**. Professional development points will be awarded for this institute. Register by visiting www.wrsd.net/literacy and clicking on the Professional Development Registration link. Please contact Kelley Gangi if you have any questions about this offering.

Who?

- **Lab Class Teachers**

When?

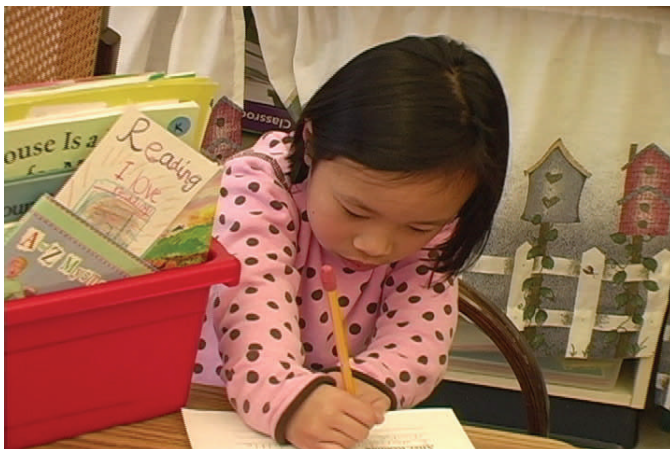

- **June 22**
- **9:00-3:00**

Where?

- **Central Tree MS**

What?

- **Share outcomes**
- **Develop yearlong trajectories**
- **Plan for 2010-2011**
