

# Making Connections Cue Cards

**Reading is Thinking!**

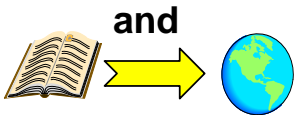

**Good readers make connections that are:**

**text to self**

**text to text**

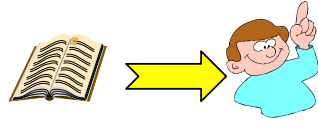

**text to world**

**Comment [TaT1]:** This cue card reminds developing readers of the need to consider connections to their prior world and/or personal experience. These connections help a reader to better predict and understand the text. This cue card is available on our "Best of the Web" CD-ROM.
