

POLICY RELATING TO BUDGET/FINANCE

TOWN ASSESSMENT PAYMENTS

The Wachusett Regional School Committee expects its Member Towns to abide by the regional agreement pertaining to the payment of assessments. “Payments of one half of each town’s proportional part of the regional district’s school budget shall be made semi-annually on the first of each May and November, such payment to be made in the manner prescribed by statute.”¹

The District treasurer shall submit to each town, no later than 30 days prior to the semi-annual due date, a billing notice. The notice shall include a statement requesting towns to notify the treasurer within 10 days of the billing date of the inability to make payment on time.

Subject to the availability of funds, the District may permit a town to remit the next assessment, or portion thereof, the same number of days early.
