

POLICY RELATING TO EDUCATION

TEACHING ABOUT ALCOHOL, TOBACCO, AND DRUGS

In accordance with state and federal law, the District shall provide age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12.

The alcohol, tobacco, and drug prevention program shall address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also shall include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs.

Prevention requires education, and healthy decision-making. The objectives of this program are:

- To prevent, delay, and/or reduce alcohol, tobacco, and drug use among children and youth.
- To increase students' understanding of the legal, social, emotional, and health consequences of alcohol, tobacco, and drug use.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid alcohol, tobacco, and drug use.

The curriculum, instructional materials, and outcomes used in this program shall be recommended by the Superintendent and approved by the Wachusett Regional School District Committee.

This policy shall be posted on the District's website and notice shall be provided to all students and parents/guardians in accordance with state law. Additionally, the District shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.
