Introductory Statement

This Employee Handbook is designed to acquaint employees with the Wachusett Regional School District as an employer and to provide information about working conditions, employee benefits, and some of the policies affecting employment. Employees should read, understand, and comply with all provisions of this Handbook, which describes many of the responsibilities as an employee and outlines the programs developed by the District to benefit employees. One of the District's objectives is to provide a work environment that is conducive to both personal and professional growth.

No Employee Handbook can anticipate every circumstance or question about policies. From time to time, the need may arise to change policies described in this Handbook. The District, therefore, reserves the right to revise, supplement, or rescind any policies or portion(s) of the Handbook as it deems appropriate, through the appropriate process. Employees will be notified of such changes as they occur, and told how to substitute the updated information.

This Handbook is meant to provide generalized guidelines for employees in collective bargaining units. For non-bargaining unit employees, this Handbook, in conjunction with approved School Committee Personnel Policies and individual employment contracts, reflects employee benefits and rights.

Wherever discrepancies exist between this Handbook and collective bargaining agreements, i.e. union contracts, or between this Handbook and an individual's employment contract, the bargaining agreement or individual employment contract will control. Employees should receive a copy of any applicable collectively bargained agreement or contract when hired. Copies of collectively bargained contracts are available in the Office of Human Resources at the District Central Office, Jefferson School, 1745 Main Street, Jefferson, MA 01522 or on the District's website, www.wrsd.net (click on Employee Information).

Section A

Employment Policies

1. AFFIRMATIVE ACTION

The Wachusett Regional School District, recognizing the right of an individual to work and to advance on the basis of merit, ability, and potential without regard to race, color, gender, religion, age, national origin, sexual orientation, or disability, resolves to take Affirmative Action measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rate of compensation, in-service or apprenticeship training programs, and all terms and conditions of employment.

Non-discrimination and equal opportunity are the policies of the Wachusett Regional School District in all of its programs and activities. Each department or school within the District, in discharging its statutory responsibilities, shall consider the likely effects which its decisions, programs, and activities shall have in meeting the goals of equality or opportunity.

Affirmative Action requires more than vigilance in the elimination of discriminatory barriers on the grounds of race, color, gender, religion, age, national origin, sexual orientation, or disability. It must also entail positive and aggressive measures to ensure equal opportunity in internal personnel practices and in those programs, which can affect persons outside of the District. This Affirmative Action shall include efforts necessary to remedy the effects of present and past discriminatory patterns and any action necessary to guarantee equal opportunity for all people.

2. AMERICANS WITH DISABILITIES

The District acknowledges and affirms its commitment to provide a workplace with equal access for all employees. The District recognizes its obligations to make reasonable accommodation to employees protected by the Americans with Disabilities Act and to prevent any inequitable treatment.

In general, it is the responsibility of the employee with a disability to inform the District that an accommodation is needed to perform essential job functions or to receive equal benefits and privileges of employment. An employer is not required to provide an

accommodation if unaware of the need. The District shall request documentation of the individual's functional limitations to support the request.

The District will not discriminate against qualified individuals with disabilities with regard to any aspect of their employment. Our District is committed to complying with the American with Disabilities Act of 1990 and its related Section 504 of the Rehabilitation Act of 1973. Our District recognizes that some individuals with disabilities may require accommodations at work. The District complies with the Americans with Disabilities Act (ADA) and applicable state and local laws providing for nondiscrimination in employment against qualified individuals with disabilities. Our District also provides reasonable accommodation for such individuals in accordance with these laws. It is the District's policy to, without limitation:

1. Ensure that qualified individuals with disabilities are treated in a nondiscriminatory manner in the pre-employment process and that employees with disabilities are treated in a nondiscriminatory manner in all terms, conditions, and privileges of employment.
2. Administer medical examinations, such as second-medical-opinion or fitness-for-duty exams, (a) to applicants only after conditional offers of employment have been extended and (b) to employees only when justified by business necessity.
3. Keep all medical-related information confidential in accordance with the requirements of the ADA and retain such information in separate confidential files.
4. Provide applicants and employees with disabilities with reasonable accommodation, except where such an accommodation would create an undue hardship on the School District.
5. Notify individuals with disabilities that the District provides reasonable accommodation to qualified individuals with disabilities, by including this policy in the employee handbook and by posting the Equal Employment Opportunity Commission's poster on not discriminating against individuals with disabilities and other protected groups conspicuously in the break rooms at each of the District's school buildings and in the Central Office in Jefferson.

Procedure for Requesting an Accommodation Based on a Physical or Mental Impairment

Qualified individuals with disabilities may make requests for reasonable accommodation to Director of Human Resources or his designee. On receipt of an accommodation request, Director of Human Resources or his designee will meet with the requesting individual to discuss and identify the precise limitations resulting from the disability and the potential accommodation that the District might make to help overcome those limitations.

The Director of Human Resources, in conjunction with the appropriate management representatives identified as having a need to know (e.g., the individual's supervisor), will determine the feasibility of the requested accommodation, considering various factors, including, but not limited to, the nature and cost of the accommodation, the availability of tax credits and deductions, outside funding, the District's overall financial resources and organization, and the accommodation's impact on the operation of the facility, including its impact on the ability of other employees to perform their duties and on the facility's ability to conduct business.

The Director of Human Resources will inform the employee of the District's decision on the accommodation request or on how to make the accommodation.

Procedure for Requesting an Accommodation Based on a Physical or Mental Impairment

If you require an accommodation for a sincerely held religious practice, please contact the Director of Human Resources. The District will work with you to help assess whether your request can be reasonably accommodated, taking into account the District's needs, resources, your job description, and the other relevant factors. If the request imposes an undue hardship on the District, the request for accommodation may not be able to be provided.

3. CONFLICT OF INTEREST

Chapter 28 of the Acts of 2009, known as the Ethic's Reform Law, imposes mandatory education and training requirements for all public employees. The State Ethics Commission is responsible for implementing the requirements and the District's Human Resources Office is the liaison with the Commission.

The statutory definitions of who is a municipal employee for the purposes of the Conflict of Interest Law are very broad. Every employee must be given a summary of

the Conflict of Interest Law prepared by the Ethics Commission; every recipient must acknowledge receipt of the summary; and every employee must complete an online training program prepared by the Commission. This is required every two years.

Summary of the Conflict of Interest Law for Public Employees

This summary of the conflict of interest law, General Laws chapter 268A, is intended to help employees understand how that law applies to them. This summary is not a substitute for legal advice, nor does it mention every aspect of the law that may apply in a particular situation. Public employees can obtain free confidential advice about the conflict of interest law from the Commission's Legal Division. Agency counsel may also provide advice.

The conflict of interest law seeks to prevent conflicts between private interests and public duties, foster integrity in public service, and promote the public's trust and confidence in that service by placing restrictions on what public employees may do on the job, after hours, and after leaving public service, as described below. The sections referenced below are sections of G.L. c. 268A.

When the Commission determines that the conflict of interest law has been violated, it can impose a civil penalty of up to \$10,000 (\$25,000 for bribery cases) for each violation. In addition, the Commission can order the violator to repay any economic advantage he gained by the violation, and to make restitution to injured third parties. Violations of the conflict of interest law can also be prosecuted criminally.

I. Are you a Public Employee for conflict of interest law purposes?

You do not have to be a full-time, paid public employee to be considered a public employee for conflict of interest purposes. Anyone performing services for a state or municipal agency or holding a state or municipal position, whether paid or unpaid, including full and part-time municipal or school district employees, elected officials, volunteers, and consultants, is a public employee under the conflict of interest law. An employee of a private firm can also be a public employee, if the private firm has a contract with the state or other public entity and the employee is a "key employee" under the contract, meaning the public entity has specifically contracted for her services. The law also covers private parties who engage in impermissible dealings with state employees, such as offering bribes or illegal gifts.

II. On-the-job restrictions.

(a) **Bribes**. Asking for and taking bribes is prohibited. (See Section 2)

A bribe is anything of value corruptly received by a public employee in exchange for the employee being influenced in his official actions. Giving, offering, receiving, or asking for a bribe is illegal.

Bribes are more serious than illegal gifts because they involve corrupt intent. In other words, the public employee intends to sell his office by agreeing to do or not do some official act, and the giver intends to influence him to do so. Bribes of any value are illegal.

(b) **Gifts and gratuities**. Asking for or accepting a gift because of your official position, or because of something you can do or have done in your official position, is prohibited. (See Sections 3, 23(b)(2), and 26)

Public employees may not accept gifts and gratuities valued at \$50 or more given to influence their official actions or because of their official position. Accepting a gift intended to reward past official action or to bring about future official action is illegal, as is giving such gifts. Accepting a gift given to you because of the state position you hold is also illegal. Meals, entertainment event tickets, golf, gift baskets, and payment of travel expenses can all be illegal gifts if given in connection with official action or position, as can anything worth \$50 or more. A number of smaller gifts together worth \$50 or more may also violate these sections.

Example of violation: A highway inspector allows a pavement contractor to buy him lunch every day during a two-month road repaving project.

Example of violation: An industry association provides a free day's outing, including a barbecue lunch, golf, a cocktail hour, and a clam bake, to a group of legislators.

Regulatory exemptions. There are situations in which a public employee's receipt of a gift does not present a genuine risk of a conflict of interest, and may in fact advance the public interest. The Commission has created exemptions, and is considering creating additional exemptions, permitting giving and receiving gifts in these situations. One commonly used exemption permits public employees to accept payment of travel-related expenses when doing so advances a public purpose. Other exemptions are listed on the Commission's website.

Example where there is no violation: A non-profit concerned with preventing domestic violence offers to pay the travel expenses of an assistant district attorney to a conference on prosecuting domestic violence cases. The attorney fills out a disclosure form and obtains prior approval from his appointing authority.

(c) Misuse of position. Using your official position to get something you are not entitled to, or to get someone else something they are not entitled to, is prohibited. Causing someone else to do these things is also prohibited. (See, Sections 23(b)(2) and 26)

A public employee may not use her official position to get something worth \$50 or more that would not be properly available to other similarly situated individuals. Similarly, a state employee may not use her official position to get something worth \$50 or more for someone else that would not be properly available to other similarly situated individuals. Causing someone else to do these things is also prohibited.

Example of violation: A state employee writes a novel on work time, using her office computer, and directing her secretary to proofread the draft.

Example of violation: The commissioner of a state agency directs subordinates to drive her wife to and from the grocery store.

Example of violation: An assistant attorney general avoids a speeding ticket by asking the police officer who stops him, "Do you know who I am?" and showing his state I.D.

(d) Self-dealing and nepotism. Participating as a state employee in a matter in which you, your immediate family, your business organization, or your future employer has a financial interest is prohibited. (See Section 6)

A public employee may not participate in any particular matter in which he or a member of his immediate family (parents, children, siblings, spouse, and spouse's parents, children, and siblings) has a financial interest. He also may not participate in any particular matter in which a prospective employer, or a business organization of which he is a director, officer, trustee, or employee has a financial interest. Participation includes discussing as well as voting on a matter, and delegating a matter to someone else.

A financial interest may create a conflict of interest whether it is large or small, and positive or negative. In other words, it does not matter if a lot of money is involved or

only a little. It also does not matter if you are putting money into your pocket or taking it out. If you, your immediate family, your business, or your employer have or has a financial interest in a matter, you may not participate. The financial interest must be direct and immediate or reasonably foreseeable to create a conflict. Financial interests which are remote, speculative or not sufficiently identifiable do not create conflicts.

Neither general legislation nor home rule legislation are “particular matters” for purposes of the conflict of interest law. A public employee can participate in general legislation and home rule legislation even if she has a financial interest in such legislation, but state legislators and constitutional officers must file a disclosure if the matter will substantially affect their financial interests.

Example of violation: The chief administrative officer of a state agency, who has a balance of 900 hours in accumulated sick leave, proposes a plan by which the agency will pay employees for accumulated sick leave.

Example of violation: An employee of the Massachusetts Cultural Council is also the director of a non-profit corporation dedicated to increasing art in public spaces. The non-profit applies to the Council for a grant, and the employee participates in rating the applications received for that grant.

Example of violation: A state employee promotes his son to a position under his supervision.

Example where there is no violation: Proposed legislation under consideration by the State Senate will amend the General Laws with respect to insurance coverage of ocean front property. A State Senator owns ocean front property in Cape Cod. The Senator can discuss and vote on the legislation because it is general legislation, but must file a disclosure because the legislation will substantially affect her financial interest.

A public employee whose duties do not require her to participate in a particular matter may comply with the law by simply not participating in the particular matter in which she has a financial interest. She need not give a reason for not participating.

An appointed public employee may also comply with the law by filing a written disclosure about the financial interest with his appointing authority, and seeking permission to participate notwithstanding the conflict. If a public employee’s duties would require him to participate in a matter in which he has a financial interest, this is the procedure he should use. The appointing authority may grant written permission to

participate if she determines that the financial interest in question is not so substantial that it is likely to affect the integrity of the employee's services to the municipality. Otherwise, the appointing authority will assign the matter to someone else, or do it herself. Participating without disclosing the financial interest is a violation. Elected employees cannot use the disclosure procedure because they have no appointing authority.

Example where there is no violation: An appointed member of a state licensing board wishes to participate in board discussions about imposing a continuing education requirement on licensees. Compliance with the proposed requirement will cost every licensee several hundred dollars per year. The board member is himself a licensee. Prior to participating in any board discussion, the member files a disclosure of his financial interest with his appointing authority, and the appointing authority gives him a written determination authorizing his participation, despite his financial interest.

(e) False claims. Presenting a false claim to your employer for a payment or benefit is prohibited, and causing someone else to do so is also prohibited. (See Sections 23(b)(4) and 26)

A state employee may not present a false or fraudulent claim to his employer for any payment or benefit worth \$50 or more, or cause another person to do so.

Example of violation: A state agency manager directs his secretary to fill out time sheets to show him as present at work on days when he was skiing.

(f) Appearance of conflict. Acting in a manner that would make a reasonable person think you can be improperly influenced is prohibited. (See Section 23(b)(3))

A public employee may not act in a manner that would cause a reasonable person to think that she would show favor toward someone, or that she can be improperly influenced. Section 23(b)(3) requires a state employee to consider whether her relationships and affiliations could prevent her from acting fairly and objectively when she performs her duties for the state. If she cannot be fair and objective because of a relationship or affiliation, she should not perform her duties. However, a state employee, whether elected or appointed, can avoid violating this provision by making a public disclosure of the facts. An appointed employee must make the disclosure in writing to his appointing official.

Example where there is no violation: A public employee is engaged to be married to the owner of a business. The business owner submits a response to a request for proposals from the agency. A reasonable person could conclude that the employee might favor her fiancé's response. The employee files a written disclosure with her appointing authority explaining her relationship with her fiancé prior to the meeting at which responses to the RFP will be considered. There is no violation of Section 23(b)(3).

Example where there is no violation: The State House of Representatives is considering legislation which will create a general law that sets a maximum limit on insurance premiums paid by obstetricians. A State Representative is married to an obstetrician who will be affected by the proposed legislation. The Representative can participate in the matter but files a disclosure of his wife's interest to eliminate any appearance of a conflict. There is no violation.

(g) Confidential information. Improperly disclosing or personally using confidential information obtained through your job is prohibited. (See Section 23(c))

Public employees may not improperly disclose confidential information, or make personal use of non-public information they acquired in the course of their official duties to further their personal interests.

III. After-hours restrictions.

(a) Taking a second paid job that conflicts with the duties of your public sector job is prohibited. (See, Section 23(b)(1))

A public employee may not accept other paid employment if the responsibilities of the second job are incompatible with his or her state job.

Example: A state police trooper may not work as a paid private security guard in the area where he serves because the demands of his private employment would conflict with his duties as a trooper.

Example: A State Senator may not take a second position counseling clients on how to receive favorable consideration in the Massachusetts Senate.

(b) Divided loyalties. Receiving pay from anyone other than the District to work on a matter involving the District is prohibited. Acting as agent or attorney for anyone other than the state in a matter involving the state is also prohibited whether or not you are paid. (See Section 4)

Because the Commonwealth is entitled to the undivided loyalty of its employees, a public employee may not be paid by other people and organizations in relation to a matter in which the state has an interest. In addition, a public employee may not act on behalf of other people and organizations or act as an attorney for other people and organizations if the state has an interest in a matter. Acting as agent includes contacting the state in person, by phone, or in writing; acting as a liaison; providing documents to the state; and serving as spokesman.

A public employee may always represent his own personal interests, even before his own state agency or board, on the same terms and conditions that would apply to other similarly situated members of the public.

State Senators and State Representatives are not subject to Section 4. However, they may personally appear before state agencies for compensation other than their legislative salaries only on ministerial matters such as filing tax returns, permit and license applications, and incorporation papers, and in state court proceedings and quasi-judicial agency proceedings.

Example of violation: A public employee makes inquiries to another governmental agency about an investigation that the second governmental agency is conducting of his wife.

Example of violation: A state advisory commission member participates in matters at his agency that affect one of his private clients, and is compensated by the client for his work on its behalf.

Example where there is no violation: A State Senator is contacted by a constituent who has applied for benefits to a State agency, has not received a timely determination by the agency, and cannot get his calls to the agency returned. The Senator may call the agency on the constituent's behalf to inquire about the matter. The Senator's aide may also call the agency on the constituent's behalf to inquire about the matter without violating Section 4.

While many public employees earn their livelihood in public sector jobs, some state employees volunteer their time to the state or receive small stipends. Others may serve in a part-time state position which permits them to have other personal or private employment during normal working hours. In recognition of the need not to unduly restrict the ability of volunteers and part-time employees to earn a living, the law is less restrictive for these "special" state employees than for other state employees.

If a public sector position is a “special” state position, an employee holding that position may be paid by others, act on behalf of others, and act as attorney for others with respect to matters before state agencies other than his own, provided that he has not officially participated in the matter, and the matter is not now, and has not within the past year been, under his official responsibility, and is not pending before his own state agency.

Example: A part-time investigator for a state agency may work on her own time privately for a party litigating a case with a different state agency, provided that she has not participated in or had responsibility for the litigated matter in her state position.

(c) Inside track. Being paid by the state, directly or indirectly, under some second arrangement in addition to your job is prohibited, unless an exemption applies. (See Section 7)

A public sector employee generally may not have a financial interest in a state contract, including a second state job. A state employee is also generally prohibited from having an indirect financial interest in a contract that the state has with someone else. This provision is intended to prevent state employees from having an “inside track” to further financial opportunities.

Example of violation: A state employee accepts paid employment with a second state agency.

Example of violation: A state employee buys a surplus computer from his agency.

Example of violation: A state employee wants to work for a non-profit that receives funding under a contract with the state. Unless she can satisfy the requirements of an exemption under Section 7, she cannot take the job.

There are numerous exemptions. Some exemptions apply only to special state employees. Specific exemptions may cover State Senators and State Representatives, teaching and related activities in state facilities, providing services to state agency clients, and other specific situations. Please call the Ethics Commission’s Legal Division for advice about a specific situation.

IV. After you leave public sector employment. (See Section 5)

(a) Forever ban. After you leave your public sector job, you may never work for anyone other than the public sector entity for whom you worked on a matter that you worked on as an employee of that public sector entity.

If you participated in a matter as a District employee, you cannot ever be paid to work on that same matter for anyone other than the District, nor may you act for someone else, whether paid or not. The purpose of this restriction is to bar former employees from selling to private interests their familiarity with the facts of particular matters that are of continuing concern to the District. The restriction does not prohibit former public sector employees from using the expertise acquired in government service in their subsequent private activities.

Example of violation: A former state employee works for a contractor under a contract that she helped to draft and oversee for the state.

(b) One year cooling-off period. For one year after you leave your District job you may not participate in any matter over which you had official responsibility during your last two years of public service.

Former public sector employees are barred for one year after they leave public sector employment from personally appearing before any agency of the District in connection with matters that were under their authority in their prior District positions during the two years before they left.

Example: A state employee negotiates a three-year contract with a company. The manager who supervised the employee, and had official responsibility for the contract but did not participate in negotiating it, leaves her job to work for the company to which the contract was awarded. The former manager may not call or write the state in connection with the company's work on the contract for one year after leaving the state.

(c) Partners. Your partners will be subject to restrictions while you serve as a public employee and after your state service ends.

Partners of public sector employees and former public sector employees are also subject to restrictions under the conflict of interest law. For example, if a state employee participated in a matter, or if he has official responsibility for a matter, then his partner

may not act on behalf of anyone other than the state or provide services as an attorney to anyone but the state in relation to the matter.

Example: An architect serves on the state Architectural Access Board, and is responsible for every matter that comes before the Board. While he serves, his partners may not submit architectural plans for any clients seeking a variance from the Board.

Example: A former state agency general counsel joins a law firm as a partner. Her new partners cannot represent any private clients in connection with matters she litigated for the state for one year after her job with the state ended.

Example: A professional engineer formerly employed by a state agency joins an engineering firm organized as a partnership. His new partners cannot appear before his former agency in connection with matters that he worked on for the state for one year after his job with the state ended.

(d) Legislative and executive agents. For one year after you leave your state job you may not act as a legislative or executive agent before your former agency.

Example of violation: The chief of staff of a State Senator leaves his position. Three months later, he contacts his successor to lobby on behalf of a client.

This summary of the Massachusetts Public Sector Conflict of Interest Law is not intended to be legal advice and, because it is a summary, it does not mention every provision of the conflict law that may apply in a particular situation. You can find further information about how the law applies in many situations elsewhere on the Commonwealth of Massachusetts website. You can also contact the State Ethics Commission's Legal Division via this website, by telephone, or by letter.

4. EQUAL EMPLOYMENT OPPORTUNITY

It is the policy of the Wachusett Regional School District that employment decisions be based on merit, qualifications, and competence. Except where required or permitted by law, employment practices will not be influenced or affected by virtue of an applicant's or employee's race, color, gender, religion, age, national origin, sexual orientation, or disability, or any other characteristic protected by law. In addition, the District intends to provide a work environment that is free of unlawful harassment of any kind. This policy governs all aspects of employment, promotion, assignment, discharge, and other terms and conditions of employment.

5. HIRING OF RELATIVES

It is well accepted that employment of relatives in the same area of an organization can cause conflicts and problems concerning disparate treatment. In these circumstances, all parties leave themselves open to charges of inequitable consideration in decisions concerning work assignments, transfer opportunities, time-off privileges, training and development opportunities, performance evaluations, promotions, demotions, disciplinary actions, and discharge.

It is the policy of the District that relatives of persons currently employed by the Wachusett Regional School District may be hired only if they will not be working directly for or directly supervising a relative. If already employed, these individuals cannot be transferred into such a reporting relationship. The District also abides by the rules set by the State Ethics Commission.

If two employees already employed by the District become related in accordance with the above definition, a case-by-case review shall be made. In some circumstances one of the employees may be transferred, or otherwise assigned. A waiver may be requested.

For the purposes of this practice, a relative is defined to include spouses, parents, children, adopted children, brothers, sisters, brothers-in-law, sisters-in-law, father-in-law, mother-in-law, step-parents, step-siblings, step-children, uncles, aunts, nephews, and nieces.

6. STANDARDS FOR EMPLOYMENT

Pursuant to School Committee Policy P5241.11 **Policy Relating to Personnel Management *Standards for Employment*** (included in Appendix 1), an effective school program requires the services of individuals of integrity, high ideals, and human understanding. To that end, the Wachusett Regional School District shall attempt to hire candidates who meet these criteria.

All candidates for employment must disclose information regarding convictions for felonies and misdemeanors according to the regulations established by the Massachusetts Commission Against Discrimination (MCAD).

The District shall advise prospective employees that failure to disclose such information shall be grounds for non-employment with the District. The District shall ensure all prospective employees, however, that conviction shall not be an automatic bar to employment.

The District shall instruct all personnel to disclose all convictions, other than a first conviction for any of the following misdemeanors: drunkenness, simple assault, speeding, minor traffic violations, affray, or disturbance of the peace, during the course of their employment. Disclosure shall be made within thirty (30) days of the conviction for any such offense. Failure and/or refusal to disclose shall constitute sufficient grounds for termination. However, convictions do not automatically lead to termination. The decision related to termination, probation, suspension, and/or reprimand shall be made based on the following:

1. Nature of offense
2. Date of offense
3. Relationship of offense to current or proposed job assignment
4. The work record of the employee, where applicable
5. Appropriate collectively bargained agreements

7. CRIMINAL HISTORY SYSTEMS BOARD / Fingerprinting

The Wachusett Regional School District is committed to employing only those staff who are eligible to be employed upon review of their Criminal Offense Record Information (CORI) obtained from the DCJIS accordance with MGL c.6 Section 172. Additionally a state and national fingerprint background check shall be obtained on staff who may have direct and unmonitored contact with children.

As a condition of employment, each new employee must provide an authorization, properly completed, signed and dated, that permits the District to obtain CORI information. In addition, each employee must, as a condition of employment, also provide an authorization, properly completed, signed and dated, that permits the District to obtain CORI information every three years thereafter.

1. CONDUCTING CORI SCREENING

Cori checks will only be conducted as authorized by DCJIS and MGL c.6, §.172 and only after a CORI Acknowledgement Form has been completed.

If a new CORI check is to be made on a subject within a year of his/her signing of the CORI Acknowledgement Form, the subject shall be given seventy two (72) hours notice that a new CORI check will be conducted. If requested, the candidates will be provided with a copy of the CORI policy.

II. ACCESS TO CORI/Fingerprinting

All CORIs and Fingerprinting results obtained from DCJIS and the FBI are confidential, and access to the information must be limited to those individuals who have a “need to know.” This may include, but is not limited to, hiring manager, staff submitting the requests, and staff charged with processing job applications. The District must maintain and keep a current list of each individual authorized to have access to, or view CORIs/ Fingerprinting results. The list will be updated every six (6) months and is subject to inspection upon request at any time.

III. CORI / Fingerprint TRAINING

An informed review of a criminal record requires training. Accordingly, all personnel authorized to review or access CORI/Fingerprinting data at the District will review, and will be thoroughly familiar with, the educational and relevant training materials regarding laws and regulations governing such.

Additionally, to the extent the District is required by MGL c.6, s.171A, to maintain a CORI Policy, all personnel authorized to conduct criminal history background checks and/or to review CORI information will review, and will be thoroughly familiar with, the educational and relevant training materials regarding CORI laws and regulation made available by the DCJIS.

IV. USE OF CRIMINAL HISTORY IN BACKGROUND SCREENING

CORI/ Fingerprinting used for employment purposes shall only be accessed for applicants who are otherwise qualified for the position for which they have applied.

Checks will be made consistent with this policy and any applicable law or regulations regarding employment by a Massachusetts school district.

V. VERIFYING A SUBJECT'S IDENTITY

When a criminal record is accessed, the information is to be closely compared with the information on the CORI Acknowledgement Form and any other identifying information provided by the applicant to ensure record belongs to the applicant.

If the information in the CORI record provided does not exactly match the identification information provided by the applicant, a determination is to be made by an individual authorized to make such determinations based on a comparison of the CORI record and documents provided by the applicant/employee.

VI. INQUIRING ABOUT CRIMINAL HISTORY

In connection with any decision regarding employment or volunteer opportunities, the candidate shall be provided a copy of the criminal history record, whether obtained from the DCJIS or from any other source, prior to questioning the subject about his or her criminal history. The source(s) of the criminal history record is also to be disclosed to the subject.

VII. DETERMINING SUITABILITY

While many position holders cannot work for the District if they have criminal records by virtue of the community of individuals we serve, with regard to other positions, if a determination is made, based on the information provided in section V above, that the criminal record belongs to the subject, and the subject does not dispute the record's accuracy, then the determination of suitability for the position or license will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to, the following:

- (a) Relevance of the crime to the position sought;
- (b) The nature of the work to be performed;
- (c) Time since the conviction;

The subject shall be provided the District's Policy and a copy of the criminal history findings. The source(s) of the criminal history will also be revealed. The employee/volunteer/subject will be provided a copy of the DCJIS' *Information Concerning the Process for Correcting a Criminal Record*.

IX. SECONDARY DISSEMINATION LOGS

All CORIs /fingerprints obtained from DSJIS and the FBI are confidential. Wachusett will not disseminate criminal findings outside the organization. A secondary dissemination log will be maintained by the reviewer when the District is required by a court order to reveal criminal history findings outside of the agency.

8. IMMIGRATION LAW COMPLIANCE

The Wachusett Regional School District is committed to employing only United States citizens and aliens who are authorized to work in the United States, and complies with the Immigration Reform and Control Act of 1986.

As a condition of employment, each new employee must provide specified identification, properly complete, sign, and date the first section of the Immigration and Naturalization Service Form I-9. Before commencing work, newly hired employees must also complete the form if:

- The prospective employee has not previously filed an I-9 with the District;
- The prospective employee's previous I-9 is more than three years old; or,
- The prospective employee's previous I-9 is no longer valid.

9. OUTSIDE EMPLOYMENT

Employees of the Wachusett Regional School District may hold a job with another organization as long as they satisfactorily perform their job responsibilities with the District and provided further that any such outside job does not violate the above discussed conflict of interest law. Employees should consider the impact that outside employment may have on their health and physical endurance. All employees will be subject to the District's scheduling demands, regardless of any existing outside work requirements.

All employees are required to disclose immediately any outside employment that may conflict or have the appearance of a conflict with their regular employment. All disclosures must be placed on file in the Superintendent's Office with the Director of Human Resources.

If the District determines that an employee's outside work interferes with performance or the ability to meet the District's expectation, the employee may be asked to terminate the outside employment if wishing to remain employed by the District.

Outside employment will present a conflict of interest if it has an actual or potential adverse impact on the Wachusett Regional School District as determined by the District in its sole and exclusive discretion.

10. SEXUAL HARASSMENT

The District shall provide an educational and work environment free of sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined by law.

The District strives to maintain an environment free from discrimination and harassment, where employees treat each other with respect, dignity and courtesy.

This policy applies to all phases of employment, including but not limited to recruiting, testing, hiring, promoting, demoting, transferring, laying-off, terminating, paying, granting benefits and training.

I. Policy

A. Introduction. The District depends upon a work environment of tolerance and respect for the achievement of its goals. The District is committed to providing a working environment that is free of all forms of abuse or harassment. The District recognizes the right of all employees to be treated with respect and dignity.

Sexual harassment is a form of behavior that adversely affects the employment relationship. State and Federal law prohibit such behavior. Sexual harassment of individuals occurring in the workplace or in other settings in which individuals of the District may find themselves in connection with their employment is unlawful and will not be tolerated by the District. The District also condemns and prohibits sexual or other harassment by any applicant, client, vendor or visitor.

Because the District takes allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate, including discharge.

It is important to note that while this policy sets forth our goals of promoting a workplace that is free of sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for workplace conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

B. Definition of Sexual Harassment. Sexual harassment does not refer to purely voluntary social activities. It refers to behavior which is not welcomed by the employee, which is personally offensive to him or her, and which undermines morale and/or interferes with the ability of the employee to work effectively. While it is not possible to list all of the circumstances that may constitute sexual harassment, depending upon the totality of the facts, including the severity of the conduct and its pervasiveness, following is a list of situations that could constitute sexual harassment.

- verbal abuse of a sexual nature;
- Subtle pressure for sexual activity;
- Inappropriate patting or pinching or other physical contact;
- Intentional brushing against a student's or employee's body;

- Any sexually motivated touching;
- Sexual remarks or jokes.
- use of sexually degrading words;
- jokes or language of a sexual nature;
- conversation or gossip with sexual overtones;
- obscene or suggestive gestures or sounds;
- sexually-oriented teasing;
- verbal comments of a sexual nature about an individual's appearance or sexual terms

used to describe an individual;

- inquiries into one's sexual experiences;
- discussion of one's sexual activities;
- comments, jokes or threats directed at a person because of his/her sexual preference;
- unwelcome and repeated invitations (for lunch, dinner, drinks, dates, sexual relations);
- demand for sexual favors accompanied by an implied or overt threat concerning an individual's employment status or promises of preferential treatment;
- physical contact such as touching, hugging, kissing, stroking, fondling, patting, pinching or repeated brushing up against one's body;
- deliberate bumping, cornering, mauling, grabbing;
- assaults, molestations or coerced sexual acts;
- posting or distributing sexually suggestive objects, pictures, cartoons or other materials;

- sexually-oriented letters or notes;
- sending offensive or discriminatory messages or materials through the use of electronic communications (e.g., electronic mail, including the Internet, voice mail and facsimile) which contain overt sexual language, sexual implications or innuendo, or comments that offensively address someone's sexual orientation;
- staring at parts of a person's body;
- sexually suggestive gestures, leering; and
- condoning sexual harassment.

Sexual harassment is not limited to prohibited behavior by a male employee toward a female employee. Sexual harassment can occur in a variety of circumstances. Here are some things to remember.

- A man as well as a woman may be the victim of sexual harassment, and a woman as well as a man may be the harasser;
- The harasser does not have to be the victim's supervisor;
- The victim does not have to be of the opposite sex from the harasser;
- The victim does not have to be the person at whom the unwelcome sexual conduct is directed. The victim may be someone who is affected by the harassing conduct, even when it is directed toward another person, if the conduct creates an intimidating, hostile, or offensive working environment for the co-worker or interferes with the co-worker's work performance.

Individual Responsibilities

Each individual of the District is personally responsible for:

- ensuring that his/her conduct does not sexually harass any other employee or person with whom the employee comes in contact on the job, such as an outside vendor;

- cooperating in any investigation of alleged sexual harassment by providing any information he/she possesses concerning the matter being investigated;
- actively participating in efforts to prevent and eliminate sexual harassment and to maintain a working environment free from such discrimination; and
- ensuring that an employee who files a sexual harassment claim or cooperates in an investigation may do so without fear of retaliation or reprisal.

C. The Rule. The District does not tolerate sexual harassment. It is, therefore, against the policy of the Company for any individual, male or female, to harass another individual sexually, that is, by making unwelcome sexual advances, requests for sexual favors, or other uninvited verbal or physical conduct of a sexual nature when:

- submission to such conduct is made either implicitly or explicitly a term or condition of an employee's employment;
- submission to, or rejection of, such conduct by an individual is made the basis for employment decisions affecting the employee;
- such conduct has the purpose or effect of interfering with an individual's work performance; or
- a hostile or intimidating work environment is created for the employee, or
- such conduct has the purpose or effect of interfering with an individual's work performance.

It is also against the policy of the District for an individual to sexually harass any person with whom the employee comes in contact on the job or to engage in any harassment or inappropriate or unprofessional conduct in the workplace.

II. Violation of Policy

Any individual violating this policy will be subject to appropriate discipline, including possible discharge.

III. Procedures for Complaints

Any employee who believes he or she has been the victim of sexual harassment should report the alleged sexual harassment under this policy and procedure as soon as possible. Complaints should be submitted in accordance with the following:

1. The building principal is the person responsible for receiving oral or written reports of sexual harassment at the building level. Upon receipt of a report, the principal will conduct an investigation into facts surrounding the alleged incident and attempt to resolve the incident. If the principal is unable to reach a resolution with the parties involved, then a written report will be forwarded to the Superintendent.

In the event that an allegation of sexual harassment involves the Superintendent, the complaint must be filed with the Chairman of the School Committee, and the investigation will be conducted under the direction of the School Committee.

In the event that an allegation of sexual harassment involves a principal, the complaints must be filed with the Superintendent, and the investigation will be conducted under the Superintendent's direction. Upon receipt of a report or complaint alleging sexual harassment, the Superintendent or School Committee Chairman, as applicable, will immediately authorize an investigation. This investigation may be conducted by a designated school district official or by an outside party designated by the Superintendent or School Committee, as applicable. The investigating party will provide a written report of the results of the investigation to the official authorizing the investigation. The Chairman of the School Committee will convey any such report received by him or her to the School Committee.

The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents determined by the investigator to be relevant.

2. Submission of a complaint or report of sexual harassment by an employee will not affect his or her future employment or work assignments. However, submission of a complaint or report which is known by the employee submitting it to be false may result in disciplinary action.

3. The school district will respect the confidentiality of complainant and the individual(s) against whom the complaint is filed as much as possible, consistent with the school district's legal obligations and the necessity to investigate allegations of discrimination and sexual harassment and take disciplinary action when the conduct has occurred.

In addition, immediate steps may be taken to protect the complainant, students, employees, or others pending completion of an investigation of alleged sexual harassment.

4. Any action taken in accordance with this policy will be consistent with the requirements of applicable collective bargained agreements, Massachusetts statutes and School Committee Policies.
5. If the investigation does not confirm the allegation of sexual harassment, the complaint will be dismissed. Upon receipt of a finding that a complaint is valid, the principal, Superintendent, or School Committee, as applicable, will take such action as is determined to be appropriate based on the results of the investigation and all the circumstances. A substantiated charge against a staff member, school volunteer or other adult connected with the school district will subject that person to disciplinary action, where possible, including but not limited to warning, suspension, and/or termination and to other appropriate action when discipline is not possible.
6. The result of the investigation of each complaint filed under these procedures will be reported in writing to the complainant and the subject of the complaint. The report will state whether any disciplinary action has been taken as a result of the complaint, but will not describe any such disciplinary action.

Any individual who retaliates against any person because he or she alleged sexual harassment or testified, assisted, or participated in an investigation proceeding or hearing related to a sexual harassment complaint will be subject to disciplinary action. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

The School Committee recognizes that not every advance or conduct of a sexual nature between students or between employees consists of harassment. Whether a particular action or incident is a personal, social relationship without an unlawful effect requires a determination based on all the facts and surrounding circumstances.

School district employees are expected to maintain the highest standards of conduct with regard to students however. Nothing in this policy will be deemed to sanction any conduct, verbal or physical, of a sexual nature, directed by an employee or other adult connected with the school district toward a student. No employee may engage in verbal or physical sexual conduct toward a student at any time.

In addition, every employee is required to report any incident of sexual harassment of a student by another employee, school volunteer, or other adult connected with the school district of which the employee has knowledge. An employee who receives a complaint from a student that the student has been sexually harassed is also required to report that complaint as provided in the School Committee's Sexual Harassment Policy and Procedures for Students. Failure to make any such report will subject the employee to disciplinary action.

Decision

After the response of the charged individual has been made, and any further investigation that may be warranted has been carried out, the District will make a final decision. Anyone found to have engaged in such wrongful behavior will be subject to appropriate discipline, which may include termination.

11. MOTOR VEHICLE RESPONSIBILITIES

Employees who drive District motor vehicles are required to hold a valid driver's license at all times. Each employee who may be asked to use a District provided vehicle is required to present a valid license to the Director of Human Resources. The Director of Human Resources and your supervisor must be notified immediately should you receive a moving violation or have your driver's license revoked.

Generally, District motor vehicles are to be used for work-related transportation and for transportation to and from work. In order to be reimbursed for gasoline purchases, a dated and stamped receipt must be provided. Any other use of Company vehicles requires prior authorization from the Director of Human Resources. Employees involved in automobile accidents through their own negligence will be subject to disciplinary action.

Employees are expressly reminded that the District has or may install GPS locator devices on each of its District-provided vehicles and management will be able to determine at any moment where each of its vehicles are located and how long they have been at a particular location if they are not moving. EMPLOYEES ARE ALSO REMINDED THAT THEY ARE NOT ALLOWED TO TEXT WHILE DRIVING.

12. TELEPHONE/SMART DEVICE USAGE

Texting, checking social media, and using one's cell phone can be huge time waster. With that in mind, we ask that you refrain from using your cell phone or checking personal email, texting, or using any non-work related social media during breaks or other non-work hours. In case of emergency, employees are advised to provide their friends and family with the District's main number and/or the main number of the school at which he or she works.

Section B

Employment Status and Records

1. EMPLOYMENT APPLICATIONS

The Wachusett Regional School District relies upon the accuracy of information contained in the employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in the exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

2. EMPLOYMENT APPOINTMENTS

An employee's effective date of employment, whether hourly, salaried, or stipend, from which salary will be determined, shall be the effective date assigned by the Superintendent and received by the employee, as contained in the Superintendent's letter of appointment. No employee may start work, hourly, salaried, or stipend, until such time as the Superintendent has signed a letter of appointment and distributed that letter of appointment to the employee. An employee will not be paid for any time worked prior to the receipt of an appointment letter from the Superintendent. Any time spent with the District prior to the effective date of employment, as contained in the Superintendent's letter of appointment shall be considered voluntary.

3. EMPLOYMENT CATEGORIES

It is necessary to clarify the definitions of employment classifications so that employees of the District understand their employment status and benefit eligibility.

Each employee is designated as either hourly or salaried. Hourly employees are entitled to overtime pay under the specific provisions of federal and state laws. Employees who are covered under these provisions are compensated for overtime after forty (40) hours at the rate of time and a half (1½) their regular hourly rate. Salaried employees are excluded from specific provisions of federal and state wage and hour laws. The provisions of the collectively bargained agreement between the employee union and the District shall be the final determinate.

Hourly Employees

Hourly Employees are those employees who are covered under the Fair Labor Standards Act (FLSA) and are paid for hours actually worked. Employees who are covered under these provisions are compensated for overtime after forty (40) hours at the rate of time and a half (1½) their regular hourly rate. The provisions of the collectively bargained agreement between the employee union and the District shall be the final determinate.

Salaried Employees

Salaried Employees are exempt from the overtime provisions of the FLSA. *Salaried Employees* normally work a minimum of thirty-five (35) hours per week, but may be required to work additional hours without additional compensation.

In addition to the above, each employee will belong to one or more of the following employment categories:

Full-Time

Full-Time Employees are those who are not in a temporary, intermittent, or probationary status and who are regularly assigned to work a full-time schedule. *Full-Time Employees* are eligible for the District's benefit package, subject to the terms, conditions, and limitations of each benefit program, and the terms of their union or employment contract.

They receive all state and federally mandated benefits. They are ineligible for all of the District's other benefit

programs except for Workers' Compensation coverage unless otherwise specified in a union or employment contract.

Probationary Full-Time and Part-Time

Probationary Employees are those whose performance is being evaluated in order to determine whether further employment will continue either as a new employee, in a new position, or other circumstances as mutually agreed between the employee and the District. Probationary periods are typically ninety (90) days in length. Employees who satisfactorily complete the probationary period will be notified of their appointment by the District. Completion of one's probationary period does not, except as may be provided in any applicable collective bargaining agreement or individual employment agreement, create any job protections.

Temporary

Temporary Employees are those who are hired as interim replacements, to supplement the work force, or to assist in the completion of a specific project. Employment assignments in this category are of a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. *Temporary Employees* receive only those benefits mandated by state and federal laws. They are ineligible for sick Leave and holiday pay (if a holiday falls on a regularly scheduled work day).

Intermittent

Intermittent Employees are those who have established an employment relationship with the District but who are assigned to work on an intermittent and/or unpredictable basis. *Intermittent Employees* receive only those benefits mandated by state and federal laws. *Intermittent Employees* are ineligible for all other benefits except for Workers' Compensation coverage.

4. PERFORMANCE EVALUATIONS

District administrators and employees are expected to discuss job performance and goals on both a formal, yearly basis and on an informal, day-to-day basis. The District will try to perform a Formal Performance Evaluations for every employee annually.

These evaluations will provide both administrators and employees with opportunities to discuss performance, assignment, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches to meeting goals.

Performance evaluations are scheduled annually according to the administrator's schedule or individual union or employment contracts. Please review the individual union or employment contract for more specific information regarding performance evaluation.

The District uses performance reviews as a tool to determine pay increases, promotions and/or terminations.

All performance reviews are based on merit, achievement and other factors may include but are not limited to:

- Quality of work
- Attitude
- Knowledge of work
- Job skills
- Attendance and punctuality
- Teamwork and cooperation
- Compliance with company policy
- Past performance reviews
- Improvement
- Acceptance of responsibility and constructive feedback

Employees should note that a performance review does not guarantee a pay increase or promotion. Written performance evaluations may be made at any time to advise employees of unacceptable performance.

Except as provided by an applicable union collective bargaining agreement, evaluations or any subsequent change in employment status, position, or pay does not alter the employee's at will-relationship with the company.

Forward any questions about performance expectation or evaluation to the supervisor conducting the evaluation.

Except as required by law or applicable collective bargaining agreement, the District reserves the right to not conduct performance evaluations. In the event that the District

does not conduct a performance evaluation it is expressly acknowledged that the District has not created any job protections for the employee or employees who did not receive a performance evaluation. Except as provided elsewhere in a collective bargaining agreement or individual employment agreement, at all times, all employees will remain employees' at-will.

5. PERSONNEL DATA CHANGES

Each employee shall promptly notify the District, in writing, of any changes in personal data, which may impact on their employment. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of emergency, educational accomplishments, and other such status changes must be accurate and current at all times.

6. PERSONNEL FILES

Personnel files are the property of the Wachusett Regional School District, and access to the information contained therein is restricted except as may be required by state or federal laws or the judicial process. Only authorized representatives of the District, the employee, or the employee's designated representative with a legitimate reason to review information in a file are allowed to do so. With reasonable advance notice, an employee may review material and/or request a copy of any or all of the materials, at the employee's cost, in the employee's file, but only in the presence of the designated file custodian, the Director of Human Resources, and/or designee. With written authorization from the employee, the employee's representative may review and/or request copies of file contents.

All personnel files are kept in the Office of Human Resources at the Central Office. These files are locked after normal business hours with access limited as described above.

These files contain documentation regarding all aspects of the employee's tenure with the District, such as performance appraisals, beneficiary designation forms, disciplinary notices, and letters of commendation, among others.

To ensure that your personnel file is up-to-date at all times, notify the Director of Human Resources or his designee of any changes in your name, telephone number, home address, marital status, number of dependents, tax exemptions, emergency contact, beneficiary designations, scholastic achievements, the individuals to notify in

case of an emergency, and so forth. The District will notify an employee within 10 days of our placing any information in your personnel file that may be used to negatively affect your qualification for employment, promotion, transfer or additional compensation. Moreover, the District will notify you within 10 days of any information placed in your personnel file that may reflect the possibility that you could be subject to disciplinary action.

A "personnel record" is a record kept by our District that identifies an employee and may affect or be used to consider that employee's qualifications for employment, promotion, transfer, additional compensation or disciplinary action. By law, an employee may request access to his or her personnel file to two separate occasions in a calendar year. Additionally, an employee's request to review his or her personnel file that originates from a notification of negative information added to the personnel record does not count toward the limit of two annually permitted reviews.

All personal changes affecting your employee record should be reported to Human Resources as soon as possible. These may include the following:

*Legal Name

*Address

*Telephone Number

*Marital Status

*Number of income tax exemptions

*Insurance beneficiary and dependent coverage

*Name and telephone number of person to call in case of an emergency

It is the employee's responsibility to notify Human Resources of any changes in name, address, telephone number, marital status, number of dependents, military service status, beneficiaries or person to notify in case of an accident.

7. REFERENCE CHECKS

It is the policy of the Wachusett Regional School District to check the employment references and education of all applicants, in order to ensure that individuals who join the District are well qualified and have a strong potential to be productive and successful.

The Wachusett Regional School District will respond to written reference check inquiries on current employees. Responses to such inquiries will confirm only dates of employment, and positions held. No employment data will be released without a written authorization signed by the individual who is the subject of the inquiry. Employment verifications are to be issued only by the Office of Human Resources.

3. WORKERS' COMPENSATION INSURANCE

The Wachusett Regional School District provides a comprehensive Workers' Compensation program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical treatment.

The District provides insurance to compensate for any illness or injury an employee might suffer while working on company premises, traveling on official company business, or attending an activity officially sponsored by the District. All work-related accidents, regardless of how minor they appear to be, must be reported to the office immediately. These injuries are insured through the Worker's Compensation Laws of Massachusetts and you will be instructed in the proper procedure to use in the event of such an accident. This procedure is for your protection in case you incur medical bills, or lose time on the job as a result of the accident.

Any employee who sustains a work-related injury or illness must inform their supervisor or building administrator immediately. A *First Report of Injury Form* must be completed and signed before any determination of liability will be made. No matter how minor an on-the-job injury may appear, it is important that the report be sent or faxed (508 829-1680) to the Office of Human Resources within twenty-four (24) hours or the next business day. This will enable an eligible employee to qualify for coverage as quickly as possible. (See "Accidents at Work", Section F, Working Conditions).

In case of absence due to an industrial accident, the District agrees to allow the employee to make up the difference between regular take home pay and the amount received from workers compensation. The amount of such difference shall be charged against the employee's accrued sick leave. If no sick leave is available, the employee may not recover any difference in pay.

To provide for payment of your medical expenses and for partial salary continuation in the event of a work-related accident or illness, you are covered by workers' compensation insurance. The amount of benefits payable and the duration of payment depend upon the nature of your injury or illness. In general, however, all medical expenses included in connection with an injury or illness is paid in full in accordance with the following procedures:

1. Covered employees are required to obtain treatment within the preferred provider organization for the first scheduled appointment or the worker may incur the

responsibility to pay for such an appointment, unless the type and specialty of provider is not available through the preferred provider network.

2. Covered injured workers may seek medical services outside the network, after initial scheduled appointment, without incurring any obligation to pay for such subsequent services, if you so desire.

3. Covered employees will not be charged for co-payments or deductibles for compensable injuries.

Coverage begins on the first day of employment. This insurance covers an injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately. Any employee who sustains a work-related injury or illness should immediately inform his/her supervisor. No matter how minor an on-the-job injury may appear, it is important to be reported immediately. This will enable employees to qualify for coverage as quickly as possible and the District to report injuries as required by state law in a timely fashion.

You must also report the details to your supervisor immediately. And you must complete a report for every injury, no matter how small, to keep the coverage in force and to get any benefits or other compensation to which you may be entitled.

Any employee covered by the District's insurance plans who is currently paying for any insurance coverage must continue to make such insurance payments during the worker's compensation leave of absence. Failure to make such payments may result in termination of the employee's coverage.

An employee out of work for a protracted period of time due to any injury whether on the job, or for any other medical reason, including sickness, must contact the Office of Human Resources at least once a week. This is done to provide some insight as to the return of an injured employee and the scheduling of the department in his/her absence. If time lost exceeds two (2) days, a doctor's note may be required upon returning to work.

Bills and Excuse Notes

All medical treatment bills should be sent to the Office of Human Resources, Jefferson School, 1745 Main Street, Jefferson, Massachusetts 01522 to expedite processing. The Office of Human Resources and the employee's supervisor or building administrator will need copies of medical excuse note(s) from the doctor(s) including the projected return to work date and restrictions, if any. The employee is required to provide an excuse note(s) for all days unable to work.

completed years of employment and thereafter. Vacation leave accrual will begin with date of hire into a position eligible for the benefit.

Full time/full year unrepresented non-contract employees who currently are accruing at a higher rate will maintain the current higher rate until such time as they are compatible with the schedule. All accrued vacation must be used by June 30 of each year.

IMPORTANT NOTE: Vacation time is not cumulative from year to year.

If you are an unrepresented non-contract employee, contact the Office of Human Resources with questions regarding vacation.

Calculations

Employees who have satisfied all eligibility requirements shall either accrue vacation on a monthly basis or may be awarded that upcoming year's vacation on July 1 of that year. Please consult your individual collective bargaining agreement or individual employment contract to determine the method of calculation. Vacation pay will be calculated based on the employee's straight-time pay rate in effect when vacation benefits are used. Vacation pay does not include any special form of compensation.

Prorating Vacation

Those employees who have satisfied all eligibility requirements and accrue vacation on a monthly basis will be paid out all accrued but not taken vacation upon separation from employment with District. Those employees who have satisfied all eligibility requirements and who are advanced access to vacation for the upcoming year on July 1 will have the vacation amount due them upon separation for that year prorated based upon the proportion of time actually worked by the employee in that fiscal year which began in July. If any excess vacation days have already been used, the employee will compensate the District for them.

Requests

Employees who have satisfied all eligibility requirements must submit vacation requests to their building administrator or supervisor. Requests will be evaluated based upon various factors, including anticipated operating requirements and staffing considerations during the proposed period of absence. Vacation shall be approved at the discretion of the building administrator and Superintendent or designee and at the convenience of the District.

5. FAMILY MEDICAL LEAVE

The District abides by the provisions of the 1993 *Family and Medical Leave Act* (FMLA). All eligible employees are entitled to up to twelve (12) weeks of unpaid leave for certain family and medical reasons in a one (1) year period. Employees are eligible for FMLA if they have worked for the District for at least one (1) year, and for one thousand two hundred and fifty (1,250) hours over the previous twelve (12) months.

Unpaid FMLA leave must be granted for any of the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

The use of available vacation time is subject to District approval for any of the above reasons. The use of available sick time is only applicable when the employee has a serious health condition. The District requires all employees applying for a FMLA to submit a written request to the Superintendent of Schools.

6. PARENTAL LEAVE

Pursuant to the Massachusetts Parental Leave Act (formerly the Massachusetts Maternity Leave Act), upon application of the employee, a Parental Leave of Absence without pay shall be granted to eligible employees who have been so employed at least three (3) months before said application. The leave is to commence at the time of the birth of the baby or other qualifying event provided under the statute and to extend for a period not to exceed eight (8) weeks from the date of birth of the baby or the start of any other statutorily approved basis for the parental leave. The employee on Parental Leave may use accrued personal, and vacation time. If the employee's doctor has executed the Physician's Certification, the employee on Maternity Leave may use accrued sick time. The District shall have the option of filling the vacant position temporarily for the period of absence. The provisions of the Massachusetts Parental Leave Act (MPLA) also provide for leave upon the arrival of the adopted child. This leave is unpaid. Please refer to your individual employment or collectively bargained contract for more details on Parental Leave.

7. SMALL NECESSITIES LEAVE

Pursuant to School Committee Policy P5281.8 **Policy Relating to Personnel Management *Small Necessities Leave*** (Appendix 1) and Massachusetts General Laws Chapter 149, Section 52D, the Wachusett Regional School District provides eligible employees with leave as governed by the Massachusetts *Small Necessities Leave Act* (SNLA) as set forth below.

Eligible employees may be entitled to take up to twenty-four (24) hours of unpaid leave during any rolling twelve (12) month period for any of the following covered purposes:

- A) Participation in school activities of a son or daughter as long as those activities are directly related to the educational advancement of the child (e.g., parent-teacher conferences, interviews for a new school);
- B) Accompanying a son or daughter to routine health care appointments, including medical and dental appointments;
- C) Accompanying an elderly relative (defined as an individual at least sixty (60) years of age related to the employee by blood or marriage) to routine health care appointments, including medical and dental visits;
- D) Accompanying an elderly relative to an appointment for professional services related to the individual's care, such as interviewing for a nursing home or group care facility.

Leaves covered by the law and this policy will be referred to in this policy as SNLA leave. Any leave taken by an eligible employee for any reason(s) covered by state law or this policy will be considered SNLA leave and will be credited as such in school records, even if the employee does not specifically identify it as leave under this law or policy. School policies are intended to comply with the applicable state law, and no benefit is intended in excess of the applicable law.

Eligibility for leave:

Generally, an employee who has been employed by the District for at least twelve (12) months and has worked at least on thousand two hundred fifty (1,250) hours during the twelve month period immediately prior to the commencement of the leave may be eligible for SNLA leave for any of the purposes listed above.

Duration of leave:

An employee may take up to twenty-four (24) hours of SNLA leave within any rolling twelve (12) month period, measured backward from the date any leave is used. SNLA leave may be taken in half-day increment blocks, up to the maximum amount of leave time available.

Requests for leave:

In the event of foreseeable leave, employees are expected to submit a written request for leave forty-eight (48) hours prior to the anticipated commencement of the leave. Where leave is not foreseeable, notice must be given as soon as is practicable, but not less than one-day prior to the leave.

Pay during SNLA leave:

Employees are required to use paid vacation or personal time off, if available, during the time taken for SNLA leave. Any paid time off used is exhausted simultaneously with an employee's entitlement to SNLA leave. If the employee has no paid time off available, then the leave will be unpaid.

Certification:

An employee may be required to submit a certification form from the health care provider or administrator visited during the leave. It is the employee's responsibility to ensure that the certification form is completed and returned to the Office of Human Resources. If an employee fails to obtain the appropriate medical certification of the need for the leave, the District reserves the right to refuse to SNLA leave or to refuse to allow an employee to remain on SNLA leave.

8. JURY DUTY LEAVE

The Wachusett Regional School District encourages employees to fulfill their civic responsibilities by serving jury duty when required. Employees selected for jury duty shall receive their regular daily rate of pay for the first three (3) days of jury service. For any additional days of service, the District will pay the difference between regular straight time rate of pay and any payment received for jury service. The employee will be required to present proper evidence of jury service and the amount of compensation for such service, exclusive of travel and meal allowances.

Either the District or the employee may request an excuse from jury duty if, in the District's judgment, the employee's absence would create serious operational difficulties.

All insurance benefits shall remain in full effect during the term of the jury duty absence provided the employee continues to make co-payments as required. Accrual of benefits calculations, such as Vacation, Sick Leave, or Holiday benefits, will not be affected during unpaid jury duty leave.

9. MILITARY LEAVE

A Military Leave of Absence without compensation shall be granted to any employee not in a temporary status called to active duty with the Armed Forces of the United States.

A non-temporary employee who is a member of a reserve component of the Armed Forces of the United States shall be granted a leave of absence without loss of pay during their annual tour of duty not exceeding seventeen (17) days.

Non-temporary employees who are members of the Armed Forces of the Commonwealth of Massachusetts and who are called to duty by the Governor for the purpose of repelling invasion, suppressing an insurrection or civil disorder, or maintaining order in the case of a public disaster or emergency, shall be granted a leave of absence without loss of pay during the periods of such service. They shall also be granted a leave of absence without loss of pay during their annual tour of duty not exceeding seventeen (17) days with the Armed Services of the Commonwealth of Massachusetts.

Non-temporary employees will not lose seniority benefits if they are called to active duty for an extended period of time provided that they return to their job in accordance with the following:

- If leave was less than 31 days: the employee get eight hours after their service ends plus a reasonable period for safe transportation from where their service took place. After that, the employee must report for work no later than the first full work day.

- If leave was more than 180 days: the employee must submit an application for re-employment with the District within 90 days after their service ends.

Upon approval of such leave, the District will identify the date by which notice of return shall be given, if known. Failure to return by the date identified and/or failure to notify the District of intention to return shall constitute a resignation from employment.

Absent emergency

10. UNPAID LEAVE

Represented/Contract Employees:

In accordance with the guidelines set forth in individual employment or collectively bargained contracts and District policy, the Wachusett Regional School District will provide unpaid leave to eligible employees who wish to take time off from work duties to fulfill personal obligations. Full-time employees and part-time with benefits employees are eligible to take an unpaid leave.

Unrepresented Non-Contract Employees:

Consistent with School Committee Policy, the District will allow eligible unrepresented non-contract employees to take unpaid leave to take time off from work duties to fulfill personal obligations, with prior approval of the Superintendent. Full-time employees and part-time with benefits employees are eligible to take an unpaid leave. Employees may request unpaid leave after having completed six (6) months of service in an eligible employment classification. Pending the District's approval, employees may take any available sick leave, if authorized, or vacation leave prior to the effective date of the leave of absence. Absent emergency conditions, such leaves shall be requested at least sixty (60) days in advance.

Requests for unpaid leave will be evaluated based on a number of factors, including anticipated operational and educational requirements and staffing considerations during the proposed unpaid leave of absence.

The District will continue to provide insurance benefits for the first thirty (30) days after the leave begins. Thereafter, employees must pay the full costs of their insurance

benefits on the due date. The District will resume payment of the costs of these benefits when the employee returns to active employment. Accruals of benefit calculations, such as vacation leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

To the extent possible, employees returning from unpaid leave will be returned to their former position or will be offered the first available comparable position for which they are qualified. If an employee fails to report to work at the expiration of the approved unpaid leave period, the District will assume that the employee has voluntarily terminated employment.

Section E

Timekeeping and Payroll Policies

1. COMPENSATORY TIME OFF

Under the Fair Labor Standards Act, public employers are permitted to offer compensatory time off to their employees in place of overtime payments. Employees must be notified prior to accepting and/or working extra hours that they will receive compensatory time off instead of paid overtime. *Please be advised that it is not the practice of the District to offer or authorize compensatory time.* Any granting of compensatory time off must be approved by the Superintendent or designee in advance.

2. OVERTIME COMPENSATION

Overtime compensation is paid to all hourly employees in accordance with federal and state wage and hour restrictions. As required by law, overtime pay is based on actual hours worked, except in those instances where provisions of a collective bargaining agreement may prevail. The District shall make every effort to pay overtime in the next payroll period but in no case later than the second payroll period after the hours are actually worked.

3. PAYDAYS

Frequency

Employees of the Wachusett Regional School District are paid bi-weekly on every other Friday. Teachers have three options for payment: twenty-six equal payments, twenty-one equal payments, or twenty-one payments with a balloon payment at the end of the fiscal year. For other salaried employees, the annual salary is divided into twenty-six equal payments. For hourly employees, each paycheck includes earnings for all work performed through the Saturday before the date of the check.

Direct Deposit

Employees may have their pay directly deposited into an approved banking institution or credit union, if the District is provided with advance written authorization. Employees will receive an itemized statement of wages when the District makes direct

deposits. The District strongly encourages employees to participate in the direct deposit program.

4. PAYROLL DEDUCTIONS

Mandatory

The law requires that the District make certain deductions from every employee's compensation. Among these are applicable federal and state income taxes. The District also must deduct the employee's share of retirement contribution according to the current rate set by law, Medicare taxes on each employee's earnings up to a specified limit, and for absences not covered by paid leave.

Optional

The District offers programs and benefits beyond those required by law. Eligible employees may voluntarily authorize deductions from their paychecks to cover the cost of participation in these programs.

If you have questions concerning why deductions were made from your paycheck or how they were calculated, please do not hesitate to contact the District's Payroll Office.

5. TIMEKEEPING

Hourly Employees

Accurately recording of time worked is the responsibility of every hourly employee. Federal and state laws require the District to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Hourly employees should accurately record the time they begin and end their work, as well as the beginning and ending time of each meal period, in the manner prescribed by the Office of Human Resources. They should also record the beginning and ending time of any split shift or departure from work for personal reasons. Overtime work must always be approved before it is performed.

Tampering, altering, or falsifying time records, or recording time on another employee's time record may result in disciplinary action, up to and including termination.

Salaried Employees

All salaried employees are required to accurately and immediately report any absence, paid or unpaid, to the appropriate District personnel as provided for in the procedures promulgated by the Office of Human Resources. All salaried employees are required to work for the aggregate number of days in a year for which they are contracted. The number of days of work per year is included in the collectively bargained agreement or individual employment contract.

6. EMERGENCY DELAYED OPENING/EARLY DISMISSAL

If it becomes necessary to delay the opening of school or to dismiss students early due to inclement weather or other unforeseen emergency, all employees are expected to report to work at the regular time or remain at their work stations until the usual end of the work day, unless specifically informed by the District's administration to report to work late or leave early or otherwise provided for in the collectively bargained agreement. Absent such notification by the District to arrive late or to leave early, employees who report to work late or leave early will not be paid for any hour(s) that not worked due to reporting late or leaving early.

Section F

1. ACCIDENTS AT WORK

When an accident occurs at work, the employee should report the incident immediately to his/her supervisor or building administrator. All *First Report of Injury Forms* must be forwarded to the Office of Human Resources within twenty-four (24) hours of the accident when possible, but not later than the next business day.

All accidents that result in injury must be reported to the appropriate supervisor or building administrator, regardless of how insignificant the injury may appear. Such reports are necessary to comply with the laws and to initiate workers' compensation claims if necessary.

2. DRESS CODE

All employees should report to work dressed appropriately for the duties they perform.

3. OVERTIME ASSIGNMENT

When operating requirements or other needs of the District cannot be met during regular working hours, employees will be given the opportunity to volunteer for overtime work assignments. However, certain employees may be required to accept overtime assignments when no volunteers are available. All overtime work must receive prior authorization by the administration. Please refer to any applicable collectively bargained agreement for additional information.

4. SMOKING IN THE WORKPLACE

In keeping with the District's intent to provide a safe and healthful work environment and in conformance with state law, smoking is prohibited in all District owned or leased buildings and facilities and at the work place. This policy applies equally to employees and visitors.

5. USE OF EQUIPMENT AND VEHICLES

Operation

Equipment and vehicles essential to accomplishing work assignments are expensive and may be difficult to replace. When using District equipment and vehicles, employees are expected to exercise care, perform required maintenance, and follow all operating instructions, safety standards, and guidelines.

Defects/Damage

Employees are required to notify their supervisor or building administrator if any equipment, machine, tool, or vehicle appears to be damaged, defective, or in need of repair, in order to prevent deterioration of equipment and possible injury to employees or the public.

Neglect

The improper, careless, negligent, destructive, or unsafe use or operation of equipment or vehicles, as well as excessive or avoidable traffic and/or parking violations while using District vehicles, can result in disciplinary action, including termination.

Accident

If an employee is involved in a vehicle accident in a District vehicle, he/she must report the accident to their supervisor or building administrator immediately and complete all required forms.

6. USE OF DISTRICT FITNESS EQUIPMENT AND FACILITIES

Pursuant to School Committee Policy P5233.1 **Policy Relating to Personnel Management *Employee Use of District Fitness Equipment and Facilities*** (Appendix 1), the Wachusett Regional School Committee encourages the health and fitness of District employees. As such, the District may authorize the utilization of District fitness equipment and facilities by District employees outside of their normal work hours when not being used by students. Additionally, said use of equipment or facilities shall be according to posted rules and at a time when the District buildings are open and available for use. At no time may District equipment and facilities be utilized by non-District personnel without an appropriate permit issued prior to such use.

Employees using said equipment and facilities shall agree, in writing, to hold the District harmless for any injury caused by the use of such equipment and facilities. The District shall determine an operational mechanism to attain and record such waiver of liability prior to use. Any employee using fitness equipment and facilities who has not waived such liability shall not be authorized to use the equipment and facilities.

The District reserves the right to establish additional rules, regulations, and policies regarding the use of District fitness equipment and facilities, including the amendment or revocation of the use authorization, at any time, in the exercise of its managerial discretion. These rules shall be properly posted and enforced.

7. PARKING

While the District is not responsible to provide parking for employees, the District will make every effort to accommodate employee's needs. Employees may park for free in any parking lot owned by the District. Employees at the Wachusett Regional High School must obtain a parking sticker from the principal's office. Only employees who possess a handicapped parking permit may park in handicapped parking spaces. Parking in a designated handicapped space without possessing a handicapped permit to do so will be grounds for discipline or discharge.

Section G

Employee Conduct and Discipline Policies

1. ATTENDANCE AND PUNCTUALITY

To maintain a safe and productive work environment, the Wachusett Regional School District expects employees to be reliable and to be punctual in reporting for scheduled work. In the instance when an employee cannot avoid being late to work or is unable to work as scheduled, the employee must notify the District as soon as possible in advance of the anticipated tardiness or absence. See Section E, *Timekeeping and Payroll*, Section 6, for information on *Emergency Delayed Opening/Early Dismissal*.

Poor attendance and excessive tardiness are disruptive and may lead to disciplinary action, up to and including termination of employment.

2. HARASSMENT

As stated above, the Wachusett Regional School District is committed to providing a work environment that is free of all forms of harassment and discrimination. Actions, words, jokes, or comments based on an individual's physical capabilities, sex, race, ethnicity, age, religion, national origin, sexual preference, or any other legally protected characteristic will not be tolerated.

Any individual who has reason to believe that he/she is the victim of illegal behavior should promptly report the facts of the incident to the Director of Administrative Services. A prompt and confidential investigation will be conducted, and the District will take appropriate corrective action where it is warranted.

Anyone engaged in any improper harassment will be subject to disciplinary action, up to and including termination.

It will be a violation of this policy for any employee, school volunteer or adult connected with the school district to harass a student or employee through conduct or communication of a sexual nature as defined by this policy.

2. Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment, or education
3. Such conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment, work performance or education, by creating an intimidating, hostile, humiliating, or sexually offensive employment or education environment

Sexual harassment may include, but is not limited to:

1. Sexually oriented verbal harassment or abuse
2. Subtle pressure for sexual activity
3. Inappropriate patting or pinching or other physical contact
4. Intentional brushing against a student's or employee's body
5. Demanding sexual favors accompanied by implied or overt

threats concerning an individual's employment or educational status

1. The building principal is the person responsible for receiving oral or written reports of sexual harassment at the building level. Upon receipt of a report, the principal will conduct an investigation into facts surrounding the alleged incident and attempt to resolve the incident. If the principal is unable to reach a resolution with the parties involved, then a written report will be forwarded to the Superintendent.

In the event that an allegation of sexual harassment involves the Superintendent, the complaint must be filed with the Chairman of the School Committee, and the investigation will be conducted under the direction of the School Committee.

In the event that an allegation of sexual harassment involves a principal, the complaints must be filed with the Superintendent, and the investigation will be conducted under the Superintendent's direction. Upon receipt of a report or complaint alleging sexual harassment, the Superintendent or School Committee Chairman, as applicable, will immediately authorize an investigation. This investigation may be conducted by a designated school district official or by an outside party designated by the Superintendent or School Committee, as applicable. The investigating party will provide a written report of the results of the investigation to the official authorizing the investigation. The Chairman of the School Committee will convey any such report received by him or her to the School Committee.

The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents determined by the investigator to be relevant.

Upon receipt of a finding that a complaint is valid, the principal, Superintendent, or School Committee, as applicable, will take such action as is determined to be appropriate based on the results of the investigation and all the circumstances. A substantiated charge against a staff member, school volunteer or other adult connected with the school district will subject that person to disciplinary action, where possible, including but not limited to warning, suspension, and/or termination and to other appropriate action when discipline is not possible.
6. The result of the investigation of each complaint filed under these procedures will be reported in writing to the complainant and the subject of the complaint. The report will state whether any disciplinary action has been taken as a result of the complaint, but will not describe any such disciplinary action.

Any individual who retaliates against any person because he or she alleged sexual harassment or testified, assisted, or participated in an investigation proceeding or hearing related to a sexual harassment complaint will be subject to disciplinary action. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

The School Committee recognizes that not every advance or conduct of a sexual nature between students or between employees consists of harassment. Whether a particular action or incident is a personal, social relationship without an unlawful effect requires a determination based on all the facts and surrounding circumstances.

School district employees are expected to maintain the highest standards of conduct with regard to students however. Nothing in this policy will be deemed to sanction any conduct, verbal or physical, of a sexual nature, directed by an employee or other adult connected with the school district toward a student. No employee may engage in verbal or physical sexual conduct toward a student at any time.

In addition, every employee is required to report any incident of sexual harassment of a student by another employee, school volunteer, or other adult connected with the school district of which the employee has knowledge. An employee who receives a complaint from a student that the student has been sexually harassed is also required to report that complaint as provided in the School Committee's Sexual Harassment Policy and Procedures for Students. Failure to make any such report will subject the employee to disciplinary action.

POLICY RELATING TO PERSONNEL MANAGEMENT***PHYSICAL RESTRAINT***

The Wachusett Regional School District recognizes that on occasion physical restraint is required to protect the safety of school community members from serious, imminent physical harm. Physical restraint is defined as the use of bodily force to limit a student's freedom of movement. Physical restraint shall only be used in emergency situations, in the judgment of the school staff member, when other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution.

A. Training

To ensure the proper use of restraint and to prevent or minimize any harm to the student as a result of the use of restraint:

- All staff will receive training regarding the District's restraint policy and will be reviewed annually and employees hired after the school year begins will receive training within one month of starting their employment, which will include the following:
 - The District's restraint policy;
 - Interventions, which may preclude the need for restraint, including de-escalation of problematic behaviors and methods of preventing student violence and/or self-injurious behavior;
 - Types of restraints and related safety considerations, including information regarding the increased risk of injury to a student when an extended restraint is used;
 - Administering physical restraint in accordance with known medical or psychological limitations and/or behavioral intervention plans applicable to an individual student; and
 - Identification of program staff who have received in-depth training in the use of physical restraint.
 - Designated staff members shall participate in a certified-in-depth training in the use of physical restraint. Those designated staff members will then be authorized to serve as school-wide resources to assist in ensuring proper administration of physical restraint.

- The District will develop methods for engaging parents in discussion about restraint prevention and the use of restraint solely as an emergency measure.

B. Administration of Physical Restraint

- Physical restraint may only be used in the following circumstances:
 - When non-physical interventions would be ineffective; and
 - The student's behavior poses a threat of imminent, serious harm to self and/or others.
- Physical restraint is prohibited in the following circumstances:
 - As a means of punishment; or
 - As a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive or verbal threats that do not constitute a threat of imminent, serious, physical harm. However, in the judgment of the staff member, if the property destruction or the refusal to comply with a school rule or staff directive might escalate into, or could itself lead to serious, imminent harm to the student or to others, physical restraint is appropriate.
- Only school personnel who have received required training pursuant to this policy shall administer physical restraint on students with, wherever possible, one adult witness who does not participate in the restraint.
- The training requirements shall not preclude a teacher, employee or agent of the school from using reasonable force to protect students, other persons or themselves from assault or imminent, serious, physical harm.
- Physical restraint shall be limited to the use of such reasonable force as is necessary to protect a student or others from assault or imminent, serious, physical harm.
- A person administering physical restraint shall use the safest method available and appropriate to the situation, subject to the safety requirements set forth in this policy. Floor or prone restraints may only be administered by a staff member who has received in-depth training as specified in this policy and, when in the judgment of the trained staff member, such method is required to provide safety for the student or others pursuant to 603 CMR 46.03 (1)(b).
- Physical restraint shall be discontinued, as soon as possible, when it is determined that the student is no longer at risk of causing imminent physical harm to self or others. (If, due to unusual circumstances, a restraint continues for more than twenty minutes, it shall be considered an "extended restraint" for purposes of the reporting requirements.)

POLICY RELATING TO PERSONNEL MANAGEMENT

PHYSICAL RESTRAINT (continued)

- Additional safety requirements:
 - A restrained student shall not be prevented from breathing or speaking. A staff member will continuously monitor the physical status of the student, including skin color and respiration, during the restraint.
 - If at any time during a physical restraint the student demonstrates significant physical distress, as determined by the staff member, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance.
 - Program staff shall review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint on an individual student.
 - Medical restraint, mechanical restraint, and prone restraint shall be prohibited unless permitted pursuant to 603 CMR 46.03(1)(b). Seclusion shall be prohibited.
 - Any use of physical restraint in a manner inconsistent with 603 CMR 46.00 is prohibited.
- At an appropriate time after release of a student from physical restraint, a school administrator or other appropriate school staff shall:
 - Review the incident with the student to address the behavior that precipitated the restraint;
 - Review the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed; and
 - Consider whether any follow-up is appropriate for students and staff members who witnessed the incident.

C. Reporting

Staff shall report the use of physical restraint to the school principal after administration of a physical restraint that results in injury to a student or staff member; or lasts longer than five minutes. The following reporting procedure will be followed:

- The staff member shall verbally inform the principal of the restraint as soon as possible and shall provide a written report no later than the next school working day.
- The written report shall be provided to the principal or designee. The principal shall prepare the report if the principal administered the restraint.
- The principal or designee shall maintain an on-going record of all reported instances of physical restraint, which shall be made available for review by the Department of Education, upon request.
- The District shall develop a procedure for conducting periodic reviews of the data and documentation on the use of physical restraints as described in 603 CMR 46.06(5) and (6).
- The principal shall send a copy of the report to the Superintendent at the Central Office.
- The principal or his/her designee shall make reasonable efforts to verbally inform the student's parent(s)/guardian(s) of such restraint within 24 hours of the restraint, and by written or e-mailed report postmarked no later than three school days following the use of such restraint. If the school customarily provides school related information to the parent(s)/guardian(s) in a language other than English, the written restraint report shall be provided in that language. The written report shall include:
 - Names and job titles of the staff who administered the restraint and observers, if any; the date of the restraint; the time the restraint began and ended; and the name of the administrator who was verbally informed following the restraint.
 - A description of the activity in which the restrained student and other students and staff in the same room or vicinity were engaged immediately preceding the use of physical restraint; the behavior that prompted the restraint; the efforts made to de-escalate the situation; alternatives to restraint that were attempted; and the justification for initiating physical restraint.
 - A description of the administration of the restraint including the holds used and reasons such holds were necessary; the student's behavior and reactions during the restraint; how the restraint ended; and documentation of injury to the student and/or staff, if any, during the restraint and any medical care provided.

- For extended restraints, the written report shall describe the alternatives to extended restraint that were attempted, the outcome of those efforts and the justification for administering the extended restraint.
- Information regarding any further action(s) that the school has taken or may take, including any disciplinary sanctions that may be imposed on the student.
- Information regarding opportunities for the student's parent(s)/guardian(s) to discuss with school officials the administration of the restraint, any disciplinary sanctions that may be imposed on the student and/or any other related matter.
- When a restraint has resulted in a serious injury to a student or program staff member or when an extended restraint has been administered, the program shall provide a copy of the written report to the Department of Education within five (5) school days of the administration of the restraint. The program shall also provide the Department with a copy of the record of physical restraints maintained by the program administrator for the thirty day period prior to the date of the reported restraint.

D. Special Circumstances

- Parent(s)/guardian(s) may voluntarily waive the reporting requirements as stated above for restraints that do not result in serious injury to the student or to a staff member and do not constitute extended restraint.
- The Wachusett Regional School District may seek such individual waiver for students who present a high risk of frequent, dangerous behavior that may require the frequent use of restraint.
- The Wachusett Regional School District shall not require parental consent to such a waiver as a condition of admission or provision of services.
- Parent(s)/guardian(s) may withdraw consent to such waiver at any time without penalty.
- Extended restraints and restraint that result in serious injury to a student or staff member must be reported as described above, regardless of any individual waiver.

- The following documentation regarding individual waiver of reporting requirements will be maintained on-site in the student's file and will be made available for inspection to the Department of Education upon request:
 - Informed written consent of parent(s)/guardian(s) to the waiver, which shall specify those reporting requirements listed above that the parent(s)/guardian(s) agree to waive; and
 - Specific information regarding when and how the parent(s)/guardian(s) will be informed regarding the administration of all restraints to the individual student.
- Nothing herein shall be construed to allow a program or classroom to receive an exemption or waiver from any of the requirements of this policy on behalf of all of the students enrolled in a particular program or classroom.

E. Receiving/Investigating Complaints

Any student, or parent(s)/guardian(s) on said student's behalf, who believes he or she has been inappropriately restrained by an employee of the Wachusett Regional School District, should follow the procedure in P8151 **Policy Relating to Communication/Public Relations Complaints About District Personnel**.

This policy shall be reviewed annually, provided to school staff, and shall be included in student handbooks.

SMALL NECESSITIES LEAVE

The Wachusett Regional School District provides eligible employees with leave as governed by the Massachusetts Small Necessities Leave Act (SNLA) as set forth below.

Eligible employees may be entitled to take up to twenty-four (24) hours of unpaid leave during any rolling twelve (12) month period for any of the following “covered purposes:”

- E) Participation in school activities of a son or daughter as long as those activities are directly related to the educational advancement of the child (e.g., parent-teacher conferences, interviews for a new school);
- F) Accompanying a son or daughter to routine health care appointments, including medical and dental appointments;
- G) Accompanying an “elderly relative” (defined as an individual at least sixty [60] years of age related to the employee by blood or marriage) to routine health care appointments, including medical and dental visits;
- H) Accompanying an elderly relative to an appointment for professional services related to the individual’s care, such as interviewing for a nursing home or group care facility.

Leaves covered by the law and this policy will be referred to in this policy as SNLA leave. Any leave taken by an eligible employee for any reason(s) covered by state law or this policy will be considered SNLA leave and will be credited as such in school records, even if the employee does not specifically identify it as leave under this law or policy. School policies are intended to comply with the applicable state law, and no benefit is intended in excess of the applicable law.

Eligibility for leave:

Generally, an employee who has been employed by the District for at least twelve (12) months and has worked at least 1,250 hours during the twelve month period immediately prior to the commencement of the leave may be eligible for SNLA leave for any of the purposes listed above.

POLICY RELATING TO PERSONNEL MANAGEMENT

SMALL NECESSITIES LEAVE (continued)

Duration of leave:

An employee may take up to twenty-four (24) hours of SNLA leave within any rolling twelve (12) month period, measured backward from the date any leave is used. SNLA leave may be taken in half-day increment blocks, up to the maximum amount of leave time available.

Requests for leave:

In the event of foreseeable leave, employees are expected to submit a written request for leave forty-eight (48) hours prior to the anticipated commencement of the leave. Where leave is not foreseeable, notice must be given as soon as is practicable, but not less than one day prior to the leave.

Pay during SNLA leave:

Employees are required to use paid vacation or personal time off, if available, during the time taken for SNLA leave. Any paid time off used is exhausted simultaneously with an employee's entitlement to SNLA leave. If the employee has no paid time off available, then the leave will be unpaid.

Certification:

An employee may be required to submit a certification form from the health care provider or administrator visited during the leave. It is the employee's responsibility to ensure that the certification form is completed and returned to the Office of Human Resources. If an employee fails to obtain the appropriate medical certification of the need for the leave, the District reserves the right to refuse the SNLA leave or to refuse to allow an employee to remain on SNLA leave.
