

POLICY RELATING TO PUPIL SERVICES***PROMOTING CIVIL RIGHTS AND
PROHIBITING HARASSMENT, DISCRIMINATION AND HATE CRIMES***

The Wachusett Regional School District is committed to providing our students equal educational opportunities and a safe learning environment free from harassment, discrimination and hate crimes. The District will not tolerate unlawful or disruptive behaviors at school or school-related activities including curricula, instructional programs, staff development, extracurricular activities and parent involvement. The District will promptly investigate all reports and complaints of harassment, discrimination and hate crimes and will take prompt, effective action to end such behaviors including, when appropriate, referral to law enforcement agencies.

The Wachusett Regional School District prohibits all forms of harassment, discrimination and hate crimes related or unrelated to race, color, religion, national origin, ethnicity, sex, sexual orientation, age or disability. The District will not tolerate retaliation against those taking action consistent with this policy. Threats or acts of retaliation, regardless of how they are expressed, are serious offenses that will subject the violator to significant disciplinary or other corrective actions.

Harassment:

Harassment is oral, written, graphic, electronic, or physical conduct on school property or at school-related activities relating to an individual's actual or perceived race, color, national origin, ethnicity, religion, sex, sexual orientation, age, or disability that is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the District's programs or activities by creating a hostile, humiliating, intimidating, or offensive educational or work environment. For purposes of this policy, harassment shall also mean conduct that, if it persists, will likely create such a hostile, humiliating, intimidating, or offensive educational environment. A single incident may, depending upon its severity, create a hostile environment.

Student and Staff Responsibilities

All students and staff members, as members of the WRSD community, are responsible for complying with this policy and ensuring that he/she does not harass, discriminate or perpetuate a hate crime against another person on school grounds or at a school-related activity. Further, each student and staff member is responsible to make sure that he/she does not retaliate against any person who reports or files a complaint, or who helps someone report or file a complaint, or for cooperating in the investigation of a report of complaint.

Reporting Harassment, Discrimination or Hate Crimes

Students can report any case of harassment, discrimination or hate crimes to any adult in the school who is then responsible to inform the building principal or designee. The school principal or designee is responsible for receiving reports and complaints of violations at the school level. At the District level, the District Equity Coordinator is responsible for receiving and addressing reports or complaints of violations of this policy.

(continued)***

Any member of the school community who is informed of or believes that harassment, discrimination, retaliation or a hate crime has occurred or may have occurred at school or in a school-related activity must promptly report the incidents to the building principal or designee, or the Title VI Coordinator, Title IX Coordinator, Equity Coordinator or Superintendent. In situations where a student or other person is uncomfortable reporting the incident to a designated official, he/she may report it to a trusted school employee who must promptly inform a designated official.

Upon receipt of a written or oral report or complaint, the principal (or designee) and the Equity Coordinator will promptly notify each other of the facts alleged and any initial action taken. If and when a report or complaint involves physical injury, the principal or designee will promptly report the incident to the Superintendent. All complaints or reports must be documented on the District's "Reporting/Complaint Form". If the complainant or reporter is unwilling or unable to complete the form, the designated official who receives the oral complaint or report will promptly prepare the written report using the reporter's or complainant's own words. The designated official will also summarize any initial action taken. If the complaint occurs at the school level, the designated official will promptly provide the principal with the completed Reporting/Complaint Form with a copy to the District Equity Coordinator.

A report or complaint involving a principal should be filed with the District Equity Coordinator or Superintendent. A report or complaint involving the Equity Coordinator should be filed with the Superintendent. A report or complaint involving the Superintendent should be filed with the School Committee.

Reporting Other Incidences

Under General Laws Chapter 119, Section 51A for purposes of reporting child abuse and neglect to the Department of Children and Families (DCF). Under MGL119, Sec. 51A, a school staff member who has reasonable cause to believe that a student under the age of 18 is suffering physical, sexual, or emotional abuse or neglect by a parent, guardian, school staff member or other caretaker must immediately report the abuse or neglect either directly to the Department of Children and Families (DCF) or to the person designated by the school to accept those reports, who then promptly reports to DCF.

The principal and/or Superintendent will report to local police certain forms of sexual harassment and conduct that may constitute a crime.

The principal and/or Superintendent may report physical injury, destruction of public property, potential hate crimes and other acts of a serious criminal nature to local police for investigation.

(continued)****Protection Against Retaliation**

The District will take appropriate steps to protect from retaliation persons who take action consistent with this policy, or who report, file a complaint of, or cooperate in an investigation of a violation of this policy. Threats or acts of retaliation, whether person-to-person, by electronic means, or through third parties, are serious offenses that will subject the violator to significant disciplinary and other corrective action.

Ensuring Safety During Investigation

The designated official, in consultation with the District Equity Coordinator, will take any step he/she determines is necessary and/or advisable to protect, to the extent practicable, the complainant, witnesses, and other individuals from further incidents or from retaliation pending the outcome of the investigation.

Determination of Proceedings

Upon receipt of a complaint or report, the District must determine whether to undertake formal or informal proceedings to resolve the complaint or report. Upon receipt of a complaint or report, a designated official will attempt to identify and obtain cooperation from the victim(s). Where the designated official does not obtain the identity or cooperation of the alleged victim(s), the District will proceed with an investigation and then proceed to formal or informal proceedings to the extent possible.

Informal proceedings will commence when criteria for Formal Proceedings are not met. In these cases, a designated official, in consultation with the Equity Coordinator, may apply either the Student Code of Conduct or initiate an Informal Proceeding, which strives to resolve the report or complaint through non-disciplinary corrective action, although the designated official may also determine that disciplinary action is appropriate and necessary.

Formal proceedings will commence when the designated official, in consultation with the District Equity Coordinator determines that:

- the allegation is serious enough that it appears to place the complainant or any other person at physical risk;
- the incident has resulted in a criminal charge;
- the incident involves a referral to the Department of Children and Families (DCF);
- the allegation involves a serious form of harassment, discrimination or retaliation;
- there is a pending Formal Proceeding against the subject of the complaint;
- the subject of the complaint has previously been found to have violated this policy after Formal Proceedings, or

- that a formal proceeding is otherwise appropriate under the circumstances,

the designated official must then commence a Formal Proceeding.

Formal Proceedings-Investigation

The designated official will separately meet in a timely manner with the complainant and the subject of the complaint, and, if a student, with their parent(s) or guardian(s), to tell them about the formal process, explain the prohibition against retaliation, and determine the remedy the complainant seeks. The designated official will also explain that the investigation will be kept as confidential as possible, but that the District cannot promise absolute confidentiality, and may not be able to withhold the complainant's identity from the subject of the complaint, since such a promise could interfere with the District's ability to enforce its policy, conduct a fair and thorough investigation, or impose disciplinary or corrective action.

Following a prompt and thorough investigation, the designated official, in consultation with the District Equity Coordinator, will determine whether the allegations have been substantiated, and whether the policy, or, if the subject of the complaint is a student, the Student Code of Conduct has been violated. The designated official, in consultation with the District Equity Coordinator, will prepare a written report that includes the investigative findings, the investigative steps taken, and the reasons for those findings. These findings will specify whether the allegations have been substantiated, whether the policy, or if the subject of the complaint is a student, the Student Code of Conduct, has been violated, and any decision or recommendation for disciplinary and corrective action.

The designated official will promptly notify the complainant and the subject of the complaint in writing to let them know whether the complaint has been substantiated. If the complaint is substantiated, the designated official will also promptly notify the complainant of any non-disciplinary corrective action imposed to protect him/her from future policy violations. If the complaint is substantiated and the offender remains a student in the school, the designated official will meet with the offender and his/her parent or guardian, to describe the disciplinary and/or corrective action imposed, the school's expectations for future behavior and the potential consequences for retaliation or future violation of the policy. If the complainant is dissatisfied with the investigation or outcome thereof, the designated official shall inform the complainant of his/her right to file a complaint with the Massachusetts Department of Elementary and Secondary Education and/or the United States Department of Education's Office for Civil Rights.

If the District's investigation results from a third party report, the designated official will inform that person that the District has taken steps consistent with the policy, while not providing information about any disciplinary action imposed or any other information

that would violate applicable state and federal confidentiality laws or student record regulations.

Violations

Where a violation of the policy has been reported by a third party, and an alleged victim fails to cooperate with the investigation, or denies the incident occurred, disciplinary and corrective action may be precluded or limited, depending upon circumstances and availability of information from other sources.

False Reports

Any person making false charges of harassment, discrimination or the occurrence of a hate crime is subject to disciplinary action.

Discipline

If a student has been found in violation of this policy, the District will impose disciplinary measures and/or corrective action to end and prevent further occurrences of the complained of action(s). The District will take into account harm suffered by the victim(s) as well as any damage to school or District property. The nature of any action taken must comply with District and school disciplinary policies. Any disciplinary or corrective action shall conform to the due process requirements of federal and state law.

Action concerning students may include a written warning; classroom or school transfer; suspension (short or long-term); exclusion from school-sponsored functions, after-school programs and/or extra-curricular activities; limited or denied access to parts or areas of the building; exclusion, expulsion or discharge from school; adult supervision on school premises; parent conferences; an apology to the victim; awareness training; empathy development awareness programs; counseling or any other action authorized by and consistent with the Student Code of Conduct and/or school disciplinary code. The District complies with federal and state laws and regulations pertaining to the discipline of students with disabilities.

Oversight

The District has designated the Supervisor of Pupil Personnel Services as the District Equity Coordinator. The Equity Coordinator will, under the supervision of the Superintendent of Schools, ensure the successful administration of and compliance with this policy. Information including the name of the Equity Coordinator, his/her mailing address, telephone number and email address will be posted prominently in the District office as well as all school buildings within the District.
